Entry level Maths accredited outcomes Year 11

- Entry level 1 - 16%
- Entry level 2 - 32%
- Entry level 3 - 44%

There is a decrease in the number of students achieving E3 in English compared to last year but this was expected due to the differing needs between the cohorts and the impact of COVID since term 4. It is not realistic to make a direct comparison of 2019-20 results to previous years as students did not complete the full course due to COVID 19 and grades were based on teacher judgement informed by current performance at the end of term 4.
